

New in 2018! Networking/Job Fair

This year's Annual Meeting will host a new event, the **IVMA/ISU CVM Networking/Job Fair**.

For the past several years, the IVMA has held Speed Interviews at Winter Conference, bringing together IVMA members and ISU CVM students to discuss job opportunities. Based on feedback from both groups we are changing the format and moving the event to September instead of February to provide an opportunity for IVMA members and CVM Students to meet earlier in the hiring season.

Instead of Speed Interviews where each student spends a few minutes with each veterinarian, this year's event will be a less structured job fair. IVMA members are invited to reserve a table and students can visit with veterinarians at their leisure during the fair. All classes of veterinary students are invited to attend, allowing students to network and build relationships with IVMA veterinarians and practice their interviewing skills.

The event will take place on **Thursday, September 20**, at the Wilcke Suites and the surrounding hallways at ISU CVM. The fair will be from **6:30-7:30 pm**, leaving time for IVMA members to attend the reception and tour the Oncology facilities first if they wish.

Sign up today!

A limited number of tables will be available for IVMA members to reserve, so sign up today! There is no cost to participate.

Veterinarians can meet with students to network and discuss:

- Associate positions open now and in the future
- Preceptorships
- Summer jobs
- Veterinary practices for sale in the future

Clinics are invited to bring flyers, photos or anything else they wish to display about their clinic. Clinic staff is also invited to help staff the tables.

If you have any questions or would like to reserve a table call the IVMA office at 515-965-9237 or email ivma@iowavma.org.
